Thanks to Miss Nicholls the whole school enjoyed an amazing day of Science, Technology, Engineering & Maths (STEM).

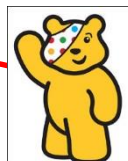

All children had a workshop session with Civil Engineers from the Gilpin Group. Everyone learned a lot and asked some excellent questions. A challenge was set for later in the day!

Each House team had a set amount of resources. The challenge was to see who could build the tallest structure AND balance a tub of chocolates on the top!

The winners were **LEVANT** 😊 A great time was had by all – we look forward to our next STEM day in the Spring term.
